

Module description grid in accordance with RStPO

| | |
|--|---|
| Modul Name | BK45 / BI45 Short-time Design Project |
| Module Coordinators | Prof. Birgit Weller (ID) and Birgit Bauer (KD) |
| Semester | Winter Only |
| Duration | One Semester |
| Status | Elective Subject |
| Module Frequency | Every Second Semester |
| ECTS Credits | 5 |
| Taught Contact Time (weekly hours per semester) | 3 Hours Contact Time per Week |
| Examination Type | A portfolio of the design process and a presentation of its results in front of the class |
| Examination Grading | Assessed on a grade scale (1 - 6) |
| Level | 1a |
| Learning Outcomes and Competences | <p>In the design process a quick generation of ideas and their implementation is an important part of the profession. In the Short-term Project the groups deal with current design topics and finalize then within a very short time (5 days usually).</p> <p>Flexible and knowledgeable application of the creative process, increased responsiveness and the comprehension for a wide variety of topics are trained during the projects.</p> <p>At least 2 projects (out of 6) in the semester are run in English.</p> |
| Recommended Prerequisite Modules | English at B2 Level. |
| Recommended Requirements | Previous experience of project work or design collaboration. |
| Associated Units | None |
| Module Applicability | None |
| Recognised Modules | None |
| Further Information | Project work is performed in analogue and digital. Necessary materials, in addition to the usual ones such as paper, pens, markers, cutters, scissors and laptops/computers – may be experimental materials which are specific to the topic areas. |
